AS 930

Stain Proof Color Enhancer For Tumbled Stone, Sandblasted Marble, Flamed Granite

Description

AS 930 has been especially formulated for the treatment of tumbled stone, sandblasted marble etc. to improve their look. No acid washing is necessary. AS 930 offers an excellent protection against soiling agents facilitating the maintenance operation. AS 930 is suitable also for exterior use. (For further information please consult the tumbled stone treatment bulletin)

Application

Spread a thin even layer of AS 930 by means of a soft brush or lambswool avoiding any excess of product. Allow to dry for 24 - 36 hours before walking over. This product can be applied after washing the surface with a solution of AT 828, or for line treatment after dust residues have been removed. Surface has to be completely dry and clean.

Maintenance

For regular maintenance clean the surface with a neutral pH cleaner like our NEUGEL. Occasionally, as needed apply one coat of B 50.

Caution

Flammable product. Provide adequate ventilation when used in confined spaces. Avoid sources of heat and flame. Protect eyes and skin from contact. Do not ingest.

Fortuitous Leakage And Waste Disposal Method

In case material is released or spilled, clean up the most of the product. Absorb all residue with sand, sawdust etc. Store the residue in metal tank and call for a specialized company.

Coverage	: 15-20sq.m/lt.
Storage	: Keep the container closed and store in cool and dry place.
Shelf Life	: 2-3 years in original sealed packing.
Packing	: 1 lt. bottle (12per carton) – 5 lt. tin (4per carton) – 10 lt. cans – 25/60 lt. drum

Technical Data

Appearance	: Limpid viscous emulsion
Colour	: Amber
pH	: N/A
Specific gravity (20 C)	: 0,910 gr./cc
Flashing point (ASTM D 56)	: 46 C
