# MAR GEL PLUS EXTRACTOR FOR RUST STAINS ON MARBLES

## Where To Use

For indoor or outdoor use. Marbles, Limestones, concrete agglomerates and many calcareous stone, even polished.

## Description

MAR GEL PLUS is a water based stain remover over-active against rust. Formulated to remove rust stains from materials that cannot be treated with acid stain-cleaners without damaging their brightness, while reacting with the material. The product application must always be followed by the use of EXTRACTOR. Thanks to its formulation, MAR GEL PLUS is also recommendable for vertical application. Due to its features, the product can also react in depth with rust and could need a longer contact time.

## Use

- 1) Apply the product with a brush, a spoon or a spatula.
- 2) Leaving a product layer on the stain.
- 3) Few minutes or many hours can be needed in order to react with the whole of the rust.
- 4) For very in-depth rust, it could be necessary honing the surface of the material by using a diamond pad, sandpaper, etc.
- 5) After all of the rust will have reacted with MAR GEL PLUS, a very intense violet stain will stay inside the material. This stain will only disappear after the application of EXTRACTOR.
- 6) Allowing this product acting on the surface for a double amount of time at least compared to MAR GEL PLUS, the surface will be totally restored.

## Technical Data

Appearance	: Gel
Colour	: Colourless to light pink
pH (5% solution)	: 8-9
Specific gravity (20 C)	: N.R.
Odour	: Sulphur
Coverage	: N/A
Storage	: Keep the container closed and in a cool place.
Shelf Life	: 24 months in the original sealed packing and kept in a cool and dry place.
Packing	: 500 ml. bottles (12 per carton )
