# SOL 170

## Water-Repellent Humidity-Proof For Marbles, Granites And Natural Stones

### Description

SOL 170 is a solvent based impregnator especially formulated to protect marbles, granites and natural stones from water and dirt penetration, frost damage and to stop calcareous efflorescence. It offers an high degree of penetration, no color change, suitable for all interior and exterior, polished or honed surfaces.

### Application

Apply onto chemicals free and dry surface and even coat of SOL 170 by means of a lambs wool, brush or low pressure sprayer. On polished materials remove any excess of product after 15 - 30 minutes by using a cloth. On the most absorbing stones repeat the application two or three times.

### Caution

Flammable product. Provide adequate ventilation when used in confined spaces. Avoid sources of heat and flame. Protect eyes and skin from contact. Do not ingest.

### Fortuitous Leakage And Waste Disposal Method

In case material is released or spilled, clean up the most of the product. Absorb all residue with sand, sawdust etc. Store the residue in metal tank and call for a specialized company.

Coverage	: 20 – 25 sq.m/lt.
Storage	: Keep the container closed and store in cool and dry place.
Shelf Life	: 2 - 3 years in original sealed packing.
Packing	: 1 lt. bottle (12 per carton) – 5 lt. tin (4 per carton) – 10 lt. cans – 25/60 lt. drum

### Technical Data

Appearance	: Limpid liquid
Color	: Transparent
pH	: N/A
Specific gravity (20°C)	: 0,800 gr./cc
Flashing point (ASTM D 56)	: 30°C
